New Year-Brings New Beginnings

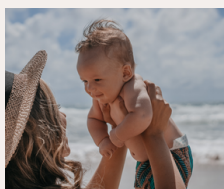

Spring brings Life Giving Focus and Passion for Cherub's Inn

The value and gratitude we have for the many who generously give and support Cherub's Inn cannot be understated. Your partnership with us is collectively yielding tangible results in the lives of those we serve.

Your continued support has had a profound impact on young women and children. Through your sacrificial support, we have been able to positively impact the journey of young family(ies). This is evidenced by the comments shared by one of our clients;

"Cherub's Inn has given me and my daughter a better future. Sharlene has helped me to better myself educationally and emotionally through hard times as a single mom".

One of our clients has started a 'back to work' program and is currently in a work placement while her daughter is enjoying Cherub's Inn Daycare with many other new found friends. The multiple service approach is working as effectively as we had hoped it would.

Safe Place ~ Loving Start

Supporting young moms & little ones

Cherub's Inn Maternity House has its first year of operation under its belt and we are at capacity and looking to expand!

We have been able to support, resource, and provide for a young mom and her little one. Progress is tangible, and our layered services approach is working as planned, which is quite exciting.

We enrolled our first little one from our maternity house into our daycare, while mom is well on her way to integrating back into the workforce.

Future Hopes and Plan

Daycare Center

Bringing Potential to Life

Serving families from our community

Although we create space for our maternity house littles, we serve many families from our community.

Our center provides a safe, nurturing, and stimulating environment where children can grow, learn through play, explore and develop in preparation for kindergarten.

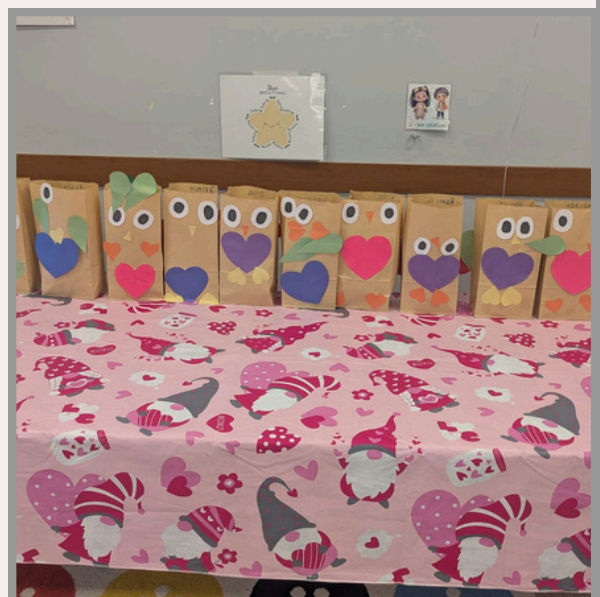

We currently have two programs operating at our center; 3-5 program and multi-age program. At Cherub's Inn we currently care for 24 children.

We are grateful for the trust and confidence parents place in us in caring for their littles.

Making space for littles from the maternity house

Daycare for little ones is very difficult to find and proves stressful on all families but especially young moms who don't have a support network.

To assist in removing this challenging barrier, Cherub's Inn Daycare center makes space for little ones from our maternity house to be cared for at our center while mom pursue stabilizing through work and/or advancing education.

Maternity House to purchase a vehicle:

This has been identified as an essential need for us in serving our clients and ensuring they are able to get to medical appointments, hospital to delivery baby and other appointments and outings.

Maternity House Expansion

After only one year of operation we have reached our capacity and the demand continues to be great. With that said, we are actively seeking a larger home to serve more women and children

Personal Note of Thanks

As many will know, 2025 started off with significant loss for our Executive Director and her family with the passing of her son. Riley passed away unexpectedly, bringing deep grief to Sharlene and her family. The support from many has been heartwarming, and we would like to express our deep appreciation for the many donations given In-Memorial in Riley's honour. Sharlene and her family were deeply touched by the kindness, thoughtfulness, and expressions of sympathy and compassion by many - Thank you!

The work being carried out by Cherub's Inn would not be possible without your support and collaboration - With sincere gratitude we thank you !
