## The Practice of Gratitude

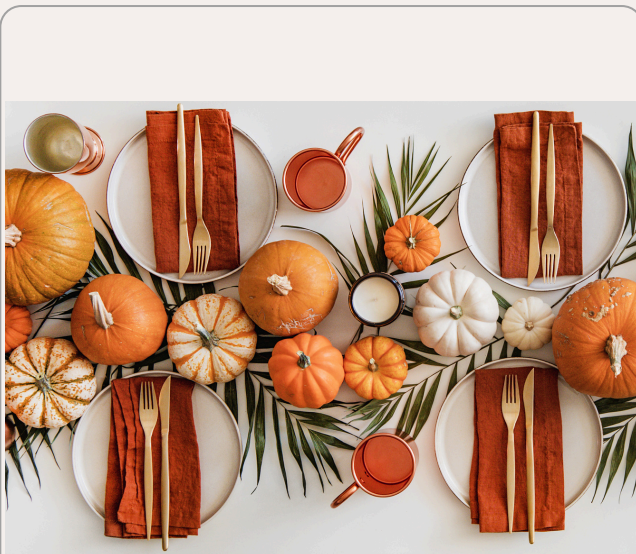

Thanksgiving celebration offers an opportunity to contemplate, reflect and share in the practice of gratitude. The upcoming Christmas Season is one where hope, peace, joy and generosity of heart are celebrated.

Although these times of the year are deeply meaningful, the reality is, these seasons may be difficult for some. There are many who experience material lack, while others may experience lack in connection, community, support, and disconnected relationships with friends and family.

At Cherub's Inn we are grateful for the opportunity to serve those that are facing challenging circumstances and significant need for support as single expectant young women and new moms taking on the parenting responsibility and loving their little ones on their own. We are particularly thankful for YOU! Thank you for walking with us as we serve and support young single mothers and their children. It is inspiring to see and experience all that we can accomplish together! Earlier this Fall Cherub's Inn welcomed our first mom and baby into the maternity house! Given our space is warm and welcoming both of them have settled in well!

We anticipate our second mama in the coming weeks. We are looking forward to being able to support more young mamas and their little ones giving them the necessary supports to launch and live life to their full potential.

With sincere thanks and gratitude to you! Together we are impacting the lives of young families in a positive way and giving them an opportunity to live to their full potential!
